Professional Preparation

Whitman College, Walla Walla, WA.

B.A. in Physics with Honors - *summa cum laude*. May 1991

Northwestern University, Evanston, IL.

Ph.D. in Physics (Concentration: Elementary Particle Physics), May 1999

Advisor: Professor Kamal K. Seth

Dissertation: "Study of Two Photon Decays of Charmonium Resonances Formed in Proton-Antiproton Annihilations."

The Ohio State University (positioned at Wilson Laboratory, Cornell University, Ithaca, NY)

Postdoctoral Research Associate, May 1999-April 2003

Supervisor: Klaus Honscheid

Cornell University, Ithaca, NY

Postdoctoral Research Associate, May 2003 - July 2003

Supervisor: Richard S. Galik

Professional Appointments

August 2010 – present: Associate Professor of Physics, Luther College, Decorah, IA

June 2012-May 2013 (*on sabbatical leave*): Visiting Research Fellow, Pacific Northwest National Laboratories, Richland, WA

August 2004 – present: Assistant Professor of Physics, Luther College, Decorah, IA

August 2003 - July 2004: Visiting Assistant Professor of Physics, Luther College, Decorah, IA

Teaching responsibilities include *General Physics I & II, Classical Physics I, Advanced Laboratory, Quantum Mechanics, Particle and Nuclear Physics, Physical Science, Energy and the Physical World, FY Seminar: Relativity, the Quantum and All That, Paideia I, Paideia II: Energy, Ethics and Climate Policy.*

May 2003 – July 2003: Postdoctoral Research Associate, Cornell University

May 1999 – April 2003: Postdoctoral Research Associate, The Ohio State University

Pursued research in elementary particle physics with the CLEO Collaboration while stationed at Wilson Laboratory, Cornell University. Held both collaboration-wide research and analysis team leadership positions. Particular area of expertise: production and decay of heavy quarkonium resonances, electronics and data acquisition systems.

Honors and Awards

- University Fellowship, Northwestern University (1991-1992)
- Pew Foundation Fellowship, Stanford University (1990)
- Phi Beta Kappa, Whitman College (1990)
- Northwest Conference Scholar-Athlete Award (1990,1991)
- National Merit Scholar (1987-1991)

Research Grants Received

RUI: Studies of Heavy Quarkonium Spectroscopy with the Belle and Belle II Experiments
National Science Foundation
Submitted September 2011; funding period: June 2012 - May 2015
\$134,592

RUI: Studies of Heavy Quarkonium Spectroscopy with the CLEO and CLEO-c Experiments
National Science Foundation
Submitted September 2008; funding period: June 2009 - May 2012
\$161,012 - Revised to \$135,000.

RUI: Studies of Heavy Quarkonium Spectroscopy with the CLEO and CLEO-c Experiments
National Science Foundation
Submitted October 2005; funding period: June 2006 - May 2009
\$138,242

Studies of Heavy Quarkonium Spectroscopy with the CLEO and CLEO-c Experiments
The Research Corporation
Submitted: November 2005; funding period: June 2006 - May 2008
\$36,076 (declined)

Investigation of Hadronic Transitions Among States of Heavy Quarkonium with the CLEO Experiment
Iowa College Foundation - R. J. McElroy Trust
Submitted: April 2006; funding period May 2006 - May 2007
\$2,000

Investigation of Hadronic Transitions in the Bottomonium System
Luther College (Summer Student Faculty/Collaborative Research Projects)
Submitted March 2005; funding period: June 2005 - August 2005
\$3,500

Research Students entering Graduate Programs in Physics or Related Fields

Jon Zarling, Indiana University, Ph.D. Program, Sept. 2013

Christina Storlie, University of Minnesota, M. S. Program in Statistics, Sept. 2013

Dallas Wulf, University of Wisconsin-Madison, Ph.D. Program, Sept. 2011

Kris Klein, University of Iowa, Ph. D. Program, September 2009 (expected 2014)

Shovit Bhari, California State University – Fullerton, M.S. Program, Sept. 2006 (obtained 2008)

Conference and Seminar Presentations (* indicates a student presentation)

Invited Talks (all by T. Pedlar)

Whitman College, March 2013, Walla Walla, WA
American Physical Society National Meeting, May 2011, Atlanta, GA.
Minnesota State University-Mankato, April 2011, Mankato, MN
44th Rencontres de Moriond, March, 2009, La Thuile, Italy.
Rencontres du Physique de la Valee d'Aoste, February, 2008, La Thuile, Italy.
BaBAR Collaboration Symposium on Bottomonium Physics, February, 2008, Stanford, CA.
8th Int'l. Conference on Heavy Quarks and Leptons, October, 2006, Munich, Germany.
American Physical Society National Meeting, April, 2006, Dallas, TX.
Aspen Winter Conference on High Energy Physics, February, 2004, Aspen, CO.

Contributed Talks

*Wulf, D.

American Physical Society National Meeting, May 2011, Atlanta, GA.

Pedlar, T.

American Physical Society National Meeting, April, 2008, St. Louis, MO.

*Bhari, S.

American Physical Society National Meeting, April, 2006, Dallas, TX.

Midstates Consortium for Math and Science Undergraduate Research Symposium,
November, 2005, University of Chicago.

Papers Published in or Submitted to Refereed Journals

The following articles are those papers which I have been the principal author (marked with a *), or to which I have made significant contributions in analysis and writing (no *). I have indicated with a ** publications on which I was a principal author and for which Luther College students (with their names) are listed as co-authors, indicating their substantial contributions to the work. This list includes only papers published since my arrival at Luther. A full list of approximately 350 papers on which I am an author is available on request, but these listed here accurately reflect my direct scholarly contributions.
